- Wilson D9 Forged Irons

ABOUT ING

Founded in 1990, the not-for-profit International Network of Golf is “*Where Media and the Golf Industry Connect.*” Among ING’s numerous activities:

- **The ING Industry Honors**, recognizing outstanding achievement in the golf business. Nominations are accepted from across the golf industry. Volunteers with expertise in each category then review nominations and trim the list to three. ING members vote online in January to determine the winners.

- **The ING Media Awards** annually honor the best works of ING media members in a dozen categories. Three judges in each category are appointed by Category Chairs and score entries based on several criteria. Winners and Outstanding Achievers are announced at the PGA Show.

- **The ING Conferences & Forums**, where industry leaders interact with media members via various networking and educational sessions.

- **Other Awards** include the Dennis Walters Courage Award, the Chi Chi Rodriguez Humanitarian Award and the Jan Stephenson Entrepreneurial Award

**If you’re in the golf industry,
then you should be a member of ING!**
